Read the following:-

Letter from A.G. Blake Esq., I.C.S., Collector of Bellary, No. Ref. 5706/36-A2 dated 27th April 1937.

Irrigation - Major - Hospet taluk - Narayanadevarakeri village and tank - Supply channel - Silt clearance - Estimate for Rs.820/- - Execution at Government cost - Sanction requested.

The tank at Narayanadevarakeri, Hospet taluk is a P.W.D. tank, managed by the village panchayat. The Executive Engineer, Bellary has prepared an estimate for Rs.820/- for silt clearance in the supply channel to this tank. Notices were issued to the ayacutdars to clear the silt and to keep the channel in order They say that the channel is seven miles long and most of it lies in the limits of other villages and have expressed their inability

p 5 of (2)

to travel long distances from their homes and do the work. They request that the work may be executed at Government cost. I consulted two Sub Collectors and they say that the execution of the work involves considerable labour and expense on account of the length of the channel; and recommend that the cost may be borne wholly by Government. There has been a long and continued neglect with the result that a large amount is required to put the channel in order; and the case has to be dealt with under B.S.O. 86-5 sub paragraph 3. I submit herewith the estimate prepared by the P.W.D. and request that sanction of Government may be obtained under B.S.O. 86-5 sub paragraph 3 for the execution of the work at Government cost.

thereon
Board's Reference No. M.2377/37-1 dated 7-5-1937:-

Kudimaramath - (Bellary) - Hospet taluk - Narayanadevarakeri village and tank - Supply channel - Silt clearance - Estimate for Rs.820/- - Execution at Government cost.

--

The Collector of Bellary is requested to report whether the ryots will agree to clear the silt in the first two miles of the channel now and to keep the whole length of the channel in good repair in future by Kudimaramath. He is also requested to report about the loss of Government revenue actual or probable as a result of the silting up of the channel.

(Sd) D.I.R. Muir,
Jt. Secretary.

To the Collector of Bellary (with estimate to be returned with reply)

Reply from A.G. Blake Esq., I.C.S., Collector of Bellary, No. Ref.5706/36-A2 dated 17th July 1937.-

Kudimaramath - Hospet taluk - Narayanadevarakeri village and tank - Supply channel - Silt clearance - Estimate for Rs.820/- - Execution at Government cost - Further report submitted.

The ryots express their inability to clear the silt in

the first two miles of the channel now. They are however willing to keep the whole length of the channel in good repair in future by Kudimaramath.

Remissions of Rs.1654-8-0 in fasli 1345 and Rs.1614-3-0 in fasli 1346 were granted owing to the insufficient supply in the tank also owing to the silting up of t supply channel The loss of revenue due to the silting up of the channel may be roughly estimated at Rs.800/- a year.

****
